

# **NHS Lothian is developing its children and young people's health strategy for the next five years.**

**This will set out how we aim to give children and young people the best start in life through the early intervention of services, a reduction in health inequalities and enhancing their ability to make positive choices in their own care. We want to map out where we want children and young people's services to be in 2017 and how we get there. Our strategy will focus on five key journeys that children may take through our services.**

**We would like to invite you to come on-board and help shape this strategy to ensure we meet the needs of children and young people across Lothian.**

**You are invited to attend an engagement event on:**

**Thursday 6 October 2011**

**at:**

**The Arthur Suite at The Quay, 131 New Street,  
Fisherrow Harbour, Musselburgh, EH21 6DH**
