Rail Action Group, East of Scotland (RAGES) very much appreciates the award by East Lothian Council's Community Engagement Small Grants Scheme which will allow them to purchase a digital projector. RAGES has a proactive committee that hold public meetings such that they can gauge public support and their opinions with regard to better rail services within East Lothian. Community Councils, Rotary Clubs, Rail Passenger Committee (now Passenger Focus) and Railfuture North East have all requested and received talks/slideshows on our Group's successes.
